

Information bulletin

Income and Assets declaration (I+A) 2016

The I+A declarations with a « new layout » for the contribution period 2016 will be dispatched during December 2016. If you do not receive yours by 20th January 2017, please contact us by using the [contact form](#) on our website.

- Your I+A declaration must be returned to us by post within 60 days following the expedition date, duly completed, dated and signed, along with the appropriate documentary evidence.
- For legal reasons we cannot accept any I+A declaration received by e-mail or by fax.
- The « Confirmation of salary » form is no longer available, hence only documents such as the annual salary certificate, payslips or the tax return are accepted.
- Do not forget to date and sign your I+A declaration.
- Any address change must be announced to the Swiss representation abroad that is responsible for your consular jurisdiction.

In view of integrating the electronic transmission of correspondence in the future, please provide us with your e-mail address if available. Please note that this service is not yet in operation but will be implemented progressively.

Contributions Payments

Have you already paid your contributions for the year 2015?

In order to avoid being charged interest in arrears or being excluded from the Voluntary insurance scheme, please ensure that your OASI/DI contributions are entirely paid off before 31st December 2016.

You can find our payment address on our website under « [Paying your voluntary OASI/DI contributions](#) ». The OASI/DI contribution rates remain unchanged for 2016/2017.

In order to avoid having to pay the entire sum of your contributions within 30 days, we advise you to pay instalments in advance, based on your previous contributions. Failure to pay your contributions can result in being excluded from the voluntary insurance scheme or in interest in arrears being charged.

Early OASI pension

For those who claim an early OASI pension, the obligation to contribute until your legal retirement age (64 years for women and 65 years for men), ends automatically at the end of the same trimester as your first pension. No action on your part is required to resign from the Voluntary insurance scheme beforehand.

OASI/DI pensioner

The insured person who is in receipt of an OASI or DI pension has the possibility to retain the amount to pay off the owed contribution from his or her pension. In order to do so, this must be requested each year in writing. Please send us a separate request by post or by e-mail. The retention will be effective once the contribution decision has been established.

Delivery by post

The postal services can take a long time and can be unreliable in certain countries. These circumstances raise a real problem in terms of communicating with our service.

Should this be the case for you, we advise you to designate a third party in Switzerland, responsible for your affairs concerning the voluntary OASI/DI.

Website

Our website www.zas.admin.ch presents itself with a new design.

Please do not hesitate to visit our page Voluntary OASI/DI and let us know your suggestions.

We wish you a festive season and all the best for the New Year!

Yours sincerely
